

Townhall AV Specs.

- 2 TVs - These will run art in the background when not in use and will look like a piece of framed art.
- 2 HDMI inputs on a wall plate to allow either 1 device to connect to each TV, or one device to connect to both TVs. The following cables adapters will be provided as well in the event they do not have a standard HDMI output on their device:
 - HDMI Cable
 - HDMI to Display Port Adapter
 - HDMI to VGA Adapter
 - HDMI to Mini Display Port Adapter
 - HDMI to Mini HDMI Adapter
- Aux input on a wall plate to allow attendee provided audio to be played in space.
- 1 Wireless Microphone (other microphones cannot be added)
- Apple TV
- Google Chromecast
- Ambient music provided by Rockbot with ability for renter to change songs (for a fee) using Rockbot app. We (you) can set a custom station/genre/playlist ahead of time if so desired.
